The application and the material cited to date have been carefully reviewed along with Examiner's remarks in the Office action. After this review, Applicant is convinced that his claimed composition and articles are novel and patentable. Applicant strongly believes that his application embodies a significant discovery, that the claims define the invention in a clear and definite manner, and that all of the amended claims are allowable.

The Specification is amended to correct formal matters (which Applicant missed) without affecting their scope.

The amendment do not involve new matter or new issues and are not made for reason of any prior art. Since the amendments require no
